Subject: RE: Marl/02/03

Sensitivity: Confidential

DSS: No

Hi Jennifer:
After reviewing the current inventory, I think we will initiate a shipment next week (for delivery to MDS no later than 10/3) of 2 cases each of Marlboro, Marlboro Lights and Marlboro Ultra Lights (6 cases total).

Based on the current anticipated number of subjects to be enrolled in the second LNK group (clinical conduct starting October 2) for the MARL/01/03 study, you should have adequate study supply for them out of the existing inventory. By getting the additional cases to you by October 3rd, you will be in a good position to dispense the two week inventory they will need for the MARL/02/03 continuation study.

If any concerns with the above approach, please let me know ASAP. Otherwise, when Denise returns from vacation on Monday, I will ask her to initiate the paperwork to get the shipment completed.

Thanks,
Valerie

Denise-

I wanted to let you know our current cigarette inventory.

Marlboro: 1433 packs
Marlboro Lights: 1161 packs
Marlboro Ultra Lights: 934 packs

Will you be sending a new shipment for the upcoming October study?

Thanks!
Jen
